RE: Thesis Presentation Workshops

I hope that your senior honors essay research (and writing) is going well. To help with the process of sorting out your material and constructing an argument, we will be running workshops in February where students will present their works in progress. Each workshop will be organized along thematic lines and will include up to four students plus a faculty member, who is not your thesis supervisor. At the workshop we ask that students speak for roughly fifteen minutes about their research. Then there will be a discussion.

We strongly recommend that you participate in this opportunity to receive feedback on your research project. If you are interested, please fill in the bottom of the form and return it to the box in the Social Studies Office. Please be sure to include the kind of group that you think would be most useful for you, such as Social Theory, Development, or American Society, on your form. **Be sure to let us know by January 27th, 2017.**

Please place complete forms in the box in the Social Studies office by January 27th, 2017.
